## EXAMINER'S COMMENT

### *Information Disclosure Statement*

1. The information disclosure statement filed 23 June 2006 fails to comply with the provisions of 37 CFR 1.97, 1.98 and MPEP § 609 because it appears to be filed under 37 CFR 1.97(c) with a statement under 37 CFR 1.97(e)(1). 37 CFR 1.97(c) indicates that an information disclosure statement shall be considered by the Office if filed after the period specified in paragraph (b) of this section, provided that the information disclosure statement is filed before the mailing date of any of a final action under § 1.113. It is noted that the 23 June 2006 information disclosure statement was filed after the 19 April 2006 mailing date of a final action. Thus the information disclosure statement should be filed under 37 CFR 1.97(d). Applicant should also note that Form PCT/IPEA/416 cited in the 23 June 2006 information disclosure statement is not a communication from a foreign patent office. Thus a statement under 37 CFR 1.97(e)(1) should not be made in regard to a Form PCT/IPEA/416 from the IPEA/US. It has been placed in the application file, but the information referred to therein has not been considered as to the merits. Applicant is advised that the date of any re-submission of any item of information contained in this information disclosure statement or the submission of any missing element(s) will be the date of submission for purposes of determining compliance with the requirements based on the time of filing the statement, including all certification requirements for statements under 37 CFR 1.97(e). See MPEP § 609.05(a).
